# Hudson River Estuary Management Program

## New York-New Jersey Harbor Estuary Program

# Contamination Assessment & Reduction Project

Coordination

*Relatively Easy*

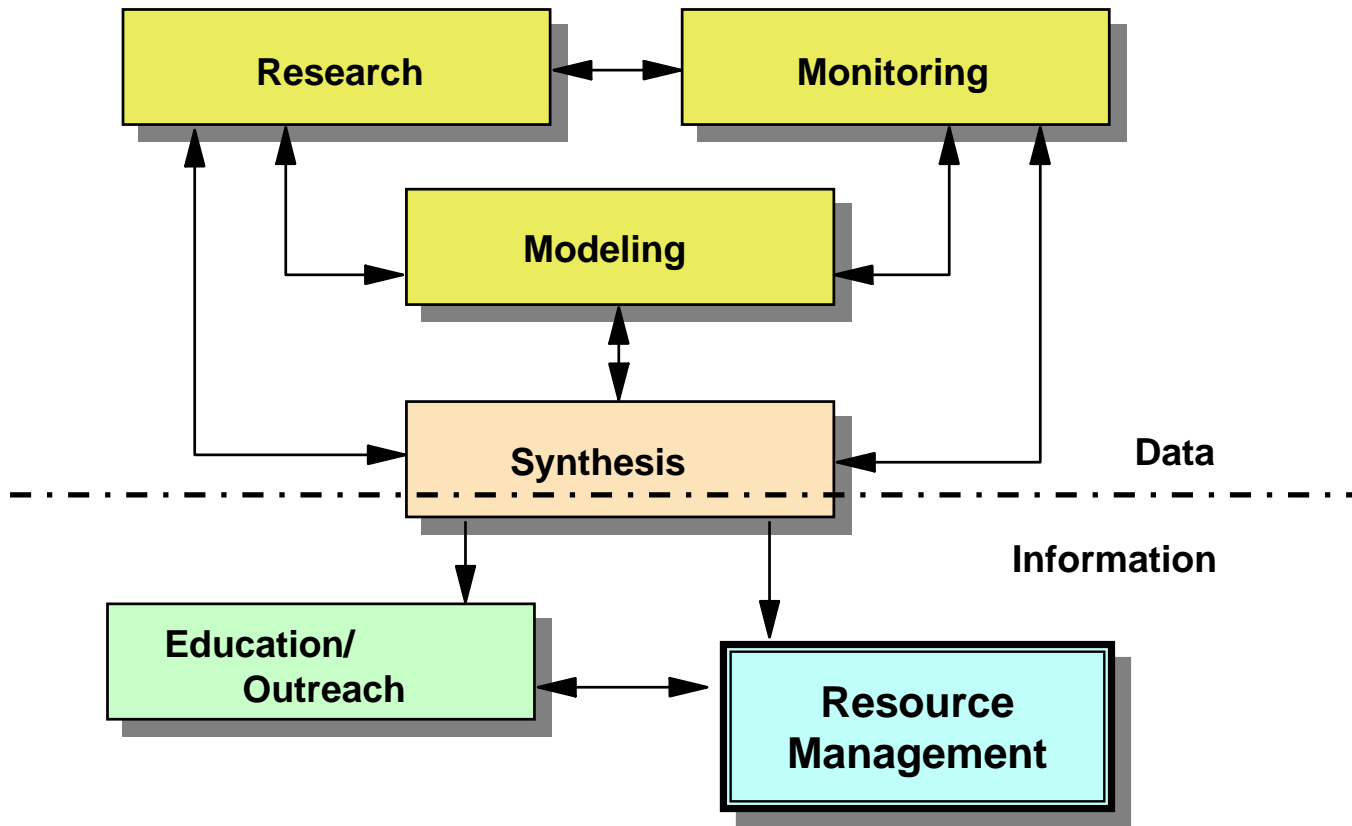

Collaboration

*Difficult*

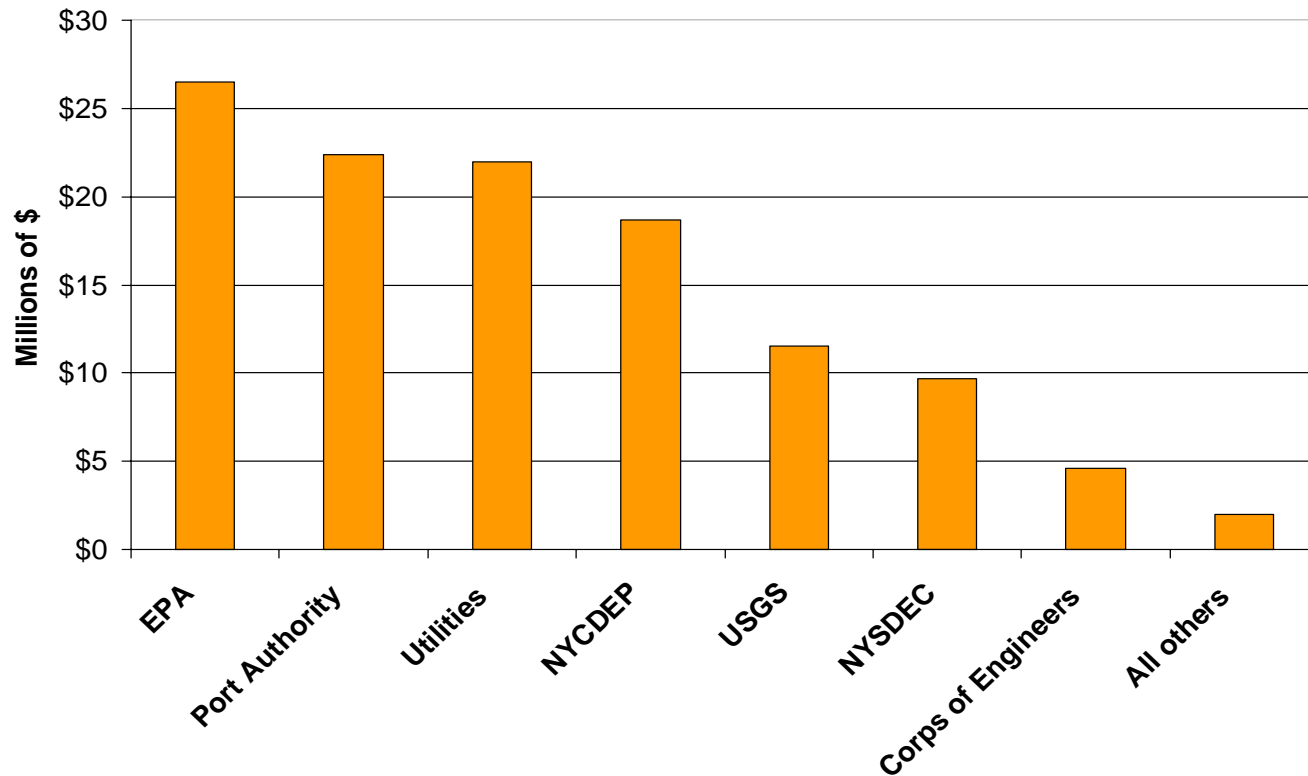

Partnership

*Very Hard*

# Linking Science and Management

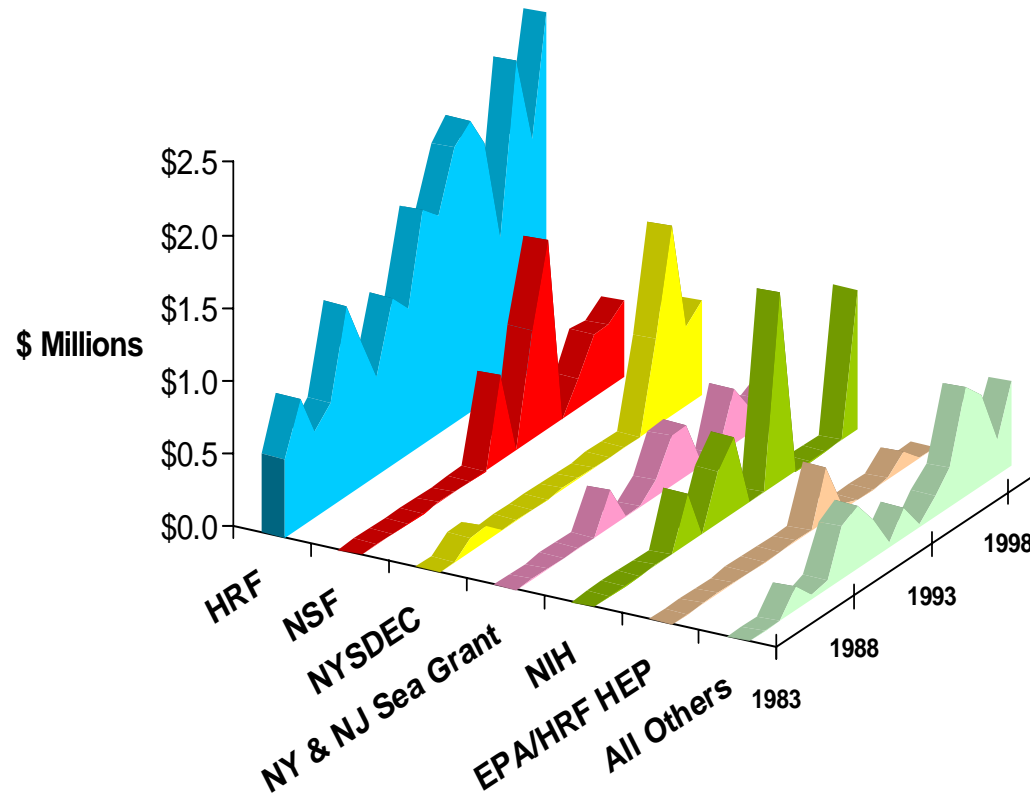

**Hudson River Monitoring (Includes Assessments,  
Inventories, Surveys and Data Management)  
by Funding Source: 1990-2000  
Total ~ \$117 million**

# Hudson River Research Funding Sources 1983-2000

Total ~ \$41 Million

# General Conclusions

- Existing management programs in Hudson River stress multi-party coordination, collaboration, and partnership
  - Opportunities exist
- Decision-making agencies usually don't support research
- Science/management linkages are essential and need strengthening
